

Feet On the Ground: A Moment with Harry Ayling

Each month we will highlight one of PathForward's team members. This month we hear Barbera's story from Harry Ayling, PathForward's part-time Trauma & Grief Specialist and a Licensed Clinical Social Worker (LCSW). Homelessness is a traumatic experience. By engaging the services of an LCSW, PathForward can compassionately support our clients on their path toward stability. With Harry's support, we can empower our clients by providing counseling, evaluating underlying problems, and finding solutions.

Foundation Highlight: Dominion Guild

The Dominion Guild is a *Premier Founding Partner* of PathForward's Mobile Medical Program (MMP). This women-led nonprofit organization has raised and distributed \$1M for projects and organizations helping those in need for the past 30 years.

The MMP provides equitable and accessible medical care for unsheltered people in Arlington. Our medical and outreach teams build the trust necessary to provide expanded lifesaving services to people experiencing homelessness. This past year, the MMP had 550 medical touchpoints with clients living on the streets. **We are grateful to be a beneficiary of this year's Dominion Guild Merry Market!**

Sponsor Highlight - Amazon

PathForward and Amazon have partnered together for two years to build equity in Arlington County. As a founding sponsor of the Medical Mobile Program (MMP) Amazon's investment in the Medical Mobile Program helps us to reach those who need time to build trust with our team. Patrick Phillippi, Senior Manager of Community Engagement has this to say about our partnership, "At Amazon, it is our

goal to be a good partner in growing Arlington equitably. It is apparent that PathForward shares the same commitment. Our goal is to be the best corporate sponsor we can be! We have four pillars that guide our work: Education, Equity, Sustainability, and Workforce Development. PathForward's commitment to innovation while holding to its anchor programs makes this an exciting partnership. We find this to be true, especially with the Medical Mobile Program (MMP)." We are thankful for Amazon's investment in PathForward.
